

## Mobile University Services for Integrated Community Care Program

### We play a part in one another's mental wellness.

It is up to each of us to be a lifeline, sharing in a commitment to care for ourselves and those around us.

It is up to each of us to be a lifeline, sharing in a commitment to care for ourselves and those around us.

The Mobile University Services for Integrated Community Care (MUSICC) collaborates with community leaders and organizations to provide training to recognize the signs and symptoms of mental disorders, particularly serious mental illness (SMI).

MUSICC serves youth, parents, caregivers and professionals by providing resources and expertise from a diverse team utilizing innovative approaches.

### Topics available for training include:

- Question, Persuade, and Refer (QPR Suicide Prevention Training)
- Mental Health First Aid/ Youth Mental Health First Aid
- Cognitive Behavioral Interventions for Trauma in Schools (CBITS)
- Stewards of Children Training
- ACEs Building Stronger Brains
- Verbal De-escalation Practices in Mental Health
- Mental Health Advocacy Certificate

**Please contact Dr. Gregory Washington, LCSW to schedule a training consultation.**
