HISTORICAL HERITAGE

For the last 100 years, the University of Memphis has been a catalyst for progress in the city, the state of Tennessee and the surrounding Mid-South region. As a doctoral degree-granting metropolitan research university, we are committed to excellence at all levels: undergraduate, graduate and professional. The University of Memphis' roots date back to 1912 when it began as West Tennessee State Normal School and its main purpose was to educate public school teachers. While our name has changed several times throughout the years, the University has continued to be guided by the principles of academic integrity, sound management and equal opportunity. In 1968, it saw its first doctoral graduate, and since its doors first opened has conferred over 150,000 degrees

The main campus lies in the heart of a widespread metropolis and combines the convenience of a large city with the atmosphere of a residential neighborhood. Additionally, the University consists of several satellite campuses, including Collierville, Dyersburg, Millington and Jackson, Tenn. In 2011, the University of Memphis obtained the Lambuth University campus and now offers four-year degrees at what is now the University of Memphis Lambuth campus.

As the flagship of the Tennessee Board of Regents system, the University of Memphis awards more than 4,000 degrees annually. Divisions of the study include the College of Arts & Sciences, Fogelman College of Business & Economics, the College of Communication and Fine Arts, the College of Education, Health and Human Sciences, Herff College of Engineering, Loewenberg School of Nursing, University College, Graduate School, Cecil C. Humphreys School of Law, the School of Communication Sciences and Disorders and the School of Public Health.

The University offers 17 bachelor's degrees in more than 50 majors and 70 concentrations, master's degrees in more than 55 subjects, doctoral degrees in 23 disciplines, a specialist's degree in education, the Juris Doctor and an ever-changing online degree program. Reflecting on its commitment to the highest levels of excellence in teaching and national prominence in research, the University of Memphis has five Centers of Excellence and 26 Chairs of Excellence. Its full-time faculty number more than 850. Our wireless campus educates more than 22,000 students each year. Our faculty have won national awards ranging from Emmys and Grammys to the prestigious Peabody Award. In later years, the campus has seen recent changes and additions including the opening of a newly designed University Center, opening of the FedEx Institute of Technology, the Kemmons Wilson School of Hospitality and Resort Management, the John Wilder Student Services Tower and the Michael D. Rose Theatre Lecture Hall. The Cecil C. Humphreys School of Law is now housed in the historic U.S. Customs House and Post Office in downtown Memphis, a significant achievement for both the city and the University. While instruction, service and research are our primary emphases, the University also commits its resources to the social, cultural and economic welfare of the region through partnerships with many public and private organizations. As we move toward our next 100 years, the University of Memphis is poised to enhance its national and international reputation as one of America's great metropolitan research universities.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association is the voice of students at the University of Memphis. The SGA is comprised of three branches of government: executive, judicial (Student Court) and legislative (Senate). Elections are held in April. The SGA funds travel for individual students and organizations, including trips to conferences relating to the student's field of academic interest and leadership conferences. It sponsors Frosh Camp to help incoming first-time freshmen establish friendships, learn about what is offered on campus, begin the adjustment to college life, and have a successful first year. The SGA also sponsors the Mr. and Ms. U of M contest during football Homecoming each fall. Student senators present resolutions as bills to the Student Senate for benefit of the general student body.

ACADEMIC DRESS

The following information is to help our visitors identify the costumes seen in the commencement procession:

Academic dress evolved from religious habit worn by faculty in the ancient universities who were members of religious orders. For centuries these gowns distinguished students from their fellow citizens; sometimes this distinction in dress symbolized unfortunate controversies between “town and gown.” The European habit of using academic robes came to this country in the eighteenth century with the founding of what is now Columbia University. In 1895, American universities and colleges standardized their styles of academic costumes, and this system, with occasional modifications, is still in force. Today, the various colors, trimmings, and patterns of gown, hood, and cap are all traditional and symbolize both the degree and field of learning.

GOWNS: American academic gowns are usually of black material, and their pattern varies with the degree held. The bachelor gowns are relatively simple in design with a closed front and long, pointed, open sleeves. Master’s gowns have an open front with long, closed sleeves, the arms extending through a slit at the elbow, giving the appearance of short sleeves. Doctoral gowns are the most elaborate with velvet panels down the open front and three velvet bars on the bell-shaped sleeves.

HOODS: The hoods, differing in length for the three degrees (bachelor’s, master’s, and doctor’s), are lined with the colors of the institution that granted the degree. Hoods are also trimmed with the color that heralds the major field of learning.

CAPS: A square mortarboard is the approved headgear. The tassel, fastened to the middle point of the top of the cap, is black or the color appropriate to the subject; it may be gold if the holder has a doctor’s degree. The University of Memphis has adopted the practice of having candidates for the bachelor degree wear the tassels on the right front side before degrees are conferred and shift them to the left at the moment when the degrees are awarded to them.

In the last few years, many universities have decided to return to a distinctive gown design. For instance, Columbia’s is now slate gray, Rochester’s a dandelion yellow, Northwestern’s is purple. The doctoral gown, with facing of black velvet, now has sleeve bands in the color of the wearer’s discipline. Some have replaced the mortarboard with a soft velvet tam with a gold tassel.

Following is a list of the hood and tassel colors that represent several categories of learning:

Arts, Letters, Humanities.....	White	Health Administration	Green
Architecture.....	Violet	Journalism.....	Crimson
Audiology.....	Forest Green	Law.....	Purple
Speech Pathology.....	Royal Blue	Music.....	Pink
City & Regional Planning	Scarlet Red	Nursing	Apricot
Commerce, Accountancy, Business.....	Sapphire Blue	Philosophy	White
Communication Arts.....	Silver Gray	Physical Education.....	Light Blue
Economics	Copper	Public Administration	Peacock Blue
Education.....	Light Blue	Public Health.....	Salmon
Engineering	Orange	Science	Golden Yellow
Fine Arts.....	Brown	Social Work.....	Citron

All hoods are *edged* with the above colors. These same colors may be used for the facing and sleeve bars of doctoral gowns and tassels on bachelors’ and masters’ caps.

The *lining* of the hood indicates the university granting the degree—for The University of Memphis, blue and gray. Among other institutional colors represented at this commencement are those for Arkansas, red and white; Chicago, maroon; Columbia, light blue and white chevron; Duke, royal blue with white chevron; Emory, navy blue with gold chevron; Harvard, crimson; Illinois, navy blue with two orange chevrons; University of Iowa, old gold; Kansas, navy blue with cardinal chevron; Northwestern, purple with gold chevrons; Ohio State, scarlet with silver gray chevron; Rice, silver above blue; Texas, white above orange; Vanderbilt, black and gold; Virginia Tech, orange and maroon; Wisconsin, bright red; Yale, royal blue.

UNDERGRADUATE CANDIDATES FOR DEGREES

GRADUATION WITH DISTINCTION

Based on a grading system of “A” as 4.0, three designations of graduation honors are recognized.*

Summa cum laude	3.80 - 4.00	Gold Cord
Magna cum laude	3.50 - 3.79	Crimson Cord
Cum laude	3.25 - 3.49	White Cord

GRADUATION WITH HONORS

Students may earn Honors distinction by meeting requirements of the campus-wide University Honors Program and/or fulfilling requirements for departmental honors programs. These requirements involve a combination of special honors coursework, independent study, and usually an honors thesis or project. Students who successfully complete University Honors Program requirements are awarded their degrees with honors (e.g., *University Honors* or *University Honors with Thesis*). Students completing departmental honors programs are awarded their degree with honors in their area of concentration (e.g., *With Honors in English*).

***Note:** The commencement program is a roster of candidates, not an official list of graduates. Appropriate degrees and honors will be awarded to candidates who successfully complete all requirements by established deadlines. The posting of the earned degree on the official university transcript is the institution’s affirmation of possession of the degree.

Because of time limitations imposed in preparing this program for commencement, listing for graduation with distinction was based on a minimum of forty-two (42) semester hours at the University of Memphis and the grade point average as of the term prior to the final semester.

The School offers two master's degrees. The Master of Public Health provides concentrations in five core disciplines: biostatistics, environmental health, epidemiology, health systems management, and social and behavioral sciences. The Master of Health Administration degree is one of only 70 programs accredited by the Commission on Accreditation of Healthcare Management Education (CAHME). Our mission involves the translation of knowledge and research into community practice to tackle pressing societal problems of social and environmental justice, health disparities, unhealthy lifestyles, and accessible systems that support the health of individuals, families, and communities. We emphasize both discovery and application with the goal of moving "knowledge into action" locally, nationally and globally. We are proud of the following graduates:

THE COLLEGE OF EDUCATION, HEALTH AND HUMAN SCIENCES

Associate Dean, Ernest Rakow, Ph.D.

The most historic college at the University of Memphis, the College of Education is nationally accredited and seeks to prepare teachers, education related professionals, and other licensed human service professionals to become effective leaders within their chosen career. The College holds the distinction of being one of the few in the nation to meet, without a weakness, National Council for the Accreditation of Teacher Education (NCATE) standards.

In addition to high-quality classroom instruction, most programs are field based. Practical experiences and opportunities for participation in exciting hands-on training and research exist at our award winning Campus School, the Barbara K. Lipman Early Childhood School and Research Institute, our local Professional Development Schools, the nationally known Center for Research in Educational Policy, and internship programs in various community businesses and agencies, all where experts in the student's field of study and University faculty work together to provide valuable on-the-job experience. The College offers off-campus courses at our Collierville, Jackson, and Dyersburg campuses and is a state leader in alternative online degree and licensure programs.

Undergraduate programs administered by the College lead to the Bachelor of Science in Education and consist of three basic areas of work: General Education, Professional study, and study within one of 12 areas of Specialty. It is the work within a specialty that determines a student's major. Graduate level studies at the College include 29 Master's and 17 Doctoral degree programs. And, in administering 33 teacher licensure programs, The College of Education is the largest producer of teachers in Tennessee.

EDUCATION SPECIALIST

The candidates for this degree have placed emphasis on such areas of study as instruction and curriculum leadership, leadership and policy studies, higher and adult education, counseling, school psychology or educational psychology and research.

NATIONAL ANTHEM

Oh, say can you see by the dawn's early light
What so proudly we hail'd at the twilight's last gleaming,
Whose broad stripes and bright stars; through the perilous fight
O'er the ramparts we watch'd were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there,
Oh, say does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave?

ALMA MATER

Stand Firm, O Alma Mater,
Through all the years to come;
In days of youth and beauty
Thy halls have been our home.
In time of preparation
Great lessons didst thou teach
Till now, O Alma Mater,
The stars we'll strive to reach.

Lead on O Alma Mater,
O Guide them on their ways,
Give light and truth unto them
For all their coming Days,
To thee we'll give all honor,
Our hopes A-bide In Thee,
For Thou O Alma Mater
Hast made us ever Free.

The University of Memphis Vastly Enriches the Mid-South Economy

Every Great City Needs a Great University.

THE NATION IS IN THE DEPTHS of one of the worst recessions on record and, understandably, the minds of families throughout the nation are fixed on economic issues. Should they invest in an education for their children? Will it pay to spend the family's hard-earned money on tuition and the other costs associated with obtaining a college degree? The data on the economic importance of obtaining a college education are being put to the test.

Graduates and their parents can rest assured that obtaining a college degree continues to be an investment that pays off even in difficult economic times. The data shown in Charts 1–3 are a few indicators of the economic returns associated with an education. The U.S. Census Bureau unemployment data by educational attainment shown in Chart 1 indicate that unemployment rates decline dramatically as educational attainment increases. Nearly all people with a college degree are employed, with only a small percentage

unemployed in any economic period. Unemployment rates rise for everyone in a deep recession, but college graduates always have an advantage even in weak labor markets.

The U.S. Census data in Chart 2 clearly show that median annual earnings rise as the level of educational attainment increases. The median income for a college graduate with a Bachelor's degree was \$46,805 nationally and \$61,827 for people with an advanced degree. College graduates can look forward to making more money than non-graduates in both strong and weak periods of economic growth.

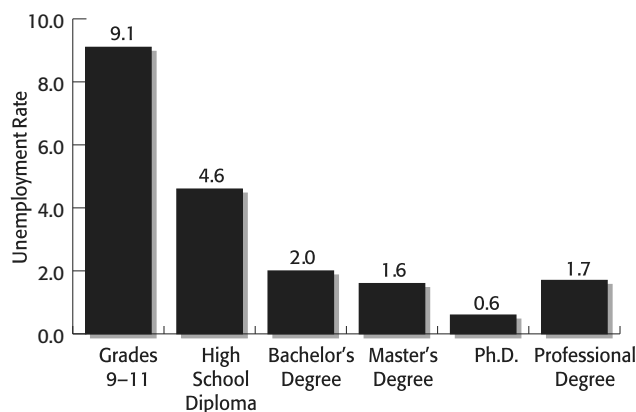

Finally, college graduates will have dramatically higher worklife earnings than non-graduates. The data in Chart 3 indicate that a college graduate with a Bachelor's degree can be expected to make \$3.9 million during their worklife, an increase of 387.5 percent over a high school graduate. A lifetime of income is a major benefit for a few years of college expenditures. Even in the weakest labor

markets, college graduates will find work, including work at higher wages more often than non-graduates.

An education pays off for both an individual and society. The payoff for an individual is a lifetime of stable employment and higher earnings. For society, the payoff is a more flexible, responsible, and productive labor force that supports social goals with increased tax payments and reduced social obligations. Memphis and Tennessee will not prosper without investing its scarce resources in higher education.

Many if not most of the returns to investments in education are not economic. However, the economic data clearly indicate that higher education pays off even when other factors are not counted. When non-economic factors are counted, higher education is the only way to a prosperous and rewarding future for most people.
