

MemphisCRESH

(COLLEGE RESEARCH EXPERIENCE FOR STUDENTS FROM HIGH SCHOOL)

WWW.MEMPHIS.EDU/CRESH

what?

MemphisCRESH is a college research experience for rising high school juniors and seniors interested in pursuing a major in physics, chemistry, math, computer sciences or any other department in the College of Arts & Sciences. Students will work alongside a faculty member and university students from their chosen department in labs on campus during the summer before their junior or senior year.

when?

Monday, June 9, 2014 through Friday, July 18, 2014

where?

University of Memphis

why?

Gain firsthand experience in cutting edge research and perhaps even discover your college major. You could even attend an undergraduate conference to present your work. Make your college application stand out from the others!

how much?

The cost to participate in this program is \$1,500 per student. Partial or full scholarships are available, and will be considered based on the student's merit and financial need.

what next?

MemphisCRESH is a highly competitive program and only has a limited number of spots. For more information or to submit your application, essay and three letters of recommendation, contact:
