COLLEGE OF EDUCATION

24/25

Dear Prospective Student,

Thank you for your interest in the College of Education at the University of Memphis.

Education, as we see it, is the foundation of every journey, yours included. How many of us can think of a teacher whose impact we still feel in our lives today? Well, you could be that teacher to someone else. Our graduates go on to shape the lives of future generations both inside and outside the classroom.

There are many reasons to pursue a career in education, incredible benefits packages, transferable skills, lifelong friendships and perhaps most importantly, an opportunity to create the world you want to live in. Teaching doesn't just impact individuals, it reverberates through communities, through society and through generations.

If you have a passion for inspiring others and creating opportunities for children to thrive — whether in schools, community organizations or other settings — our programs are designed with you in mind. With guidance from award-winning faculty and practical experiences through our strong school district and nonprofit partnerships, you'll graduate ready to make an impact in Memphis, the Mid-South and beyond.

Take some time to explore our college and the University of Memphis. We look forward to welcoming you as you start your journey as a Tiger.
