BOYD BROS.
TRANSPORTATION INC.

Our Heritage

The original Boyd Bros.

In 1956, Dempsey Boyd and his brothers founded Boyd Bros. Transportation with a vision of making it the best in the business and the promise to do what it takes to make that dream come true.

Now, more than half a century later, it's clear that we've turned our pledge and plans into reality. Boyd Bros. has grown to become one of the nation's largest trucking companies, leading the flatbed segment, and specializing in time-sensitive transportation of iron and steel products, lumber, roofing, and other valuable building commodities. Learn more about who we are by exploring our values, discovering our heritage, understanding our priorities, and meeting our people. We are proud of who we are, and we think you'll be proud to work with us, too.

BOYD BROS.
TRANSPORTATION INC.

Who We Are

Boyd Bros Transportation Inc., headquartered in Clayton Alabama, is a Flatbed truckload carrier that operates throughout the eastern two-thirds of the United States, and Mexico, hauling primary steel products and building materials.

In this markets, Boyd Bros. serves high-volume, time-sensitive shippers that demand time-definite delivery.
