

A NEW YEAR!

Easy, simple, and fun activities to carry out in the home for January 4th and 5th.

Help your child welcome in the new year while also looking back at how much they have grown this year 😊

Book Options:

Shante Keys and The New Year's Peas: <https://youtu.be/YOHI2mHIXTY>

Happy New Year, Spot! <https://youtu.be/2zsjT4QyegY>

Bringing in The New Year: <https://youtu.be/-UmFIBzXJMY>

2021 Craft: Tape Resist New Year's Art!

Grab a sheet of paper, some tape, and either markers, crayons, or paint and get to work. Help your child place tape on the piece of paper in the shape of 2021. Next, allow them to color all over the paper. When the child is finished, pull the tape off together to reveal our new year!

"Fireworks in a jar" experiment:

All you need for this fun experiment is a jar, some water, oil, and food coloring. Check out this link for the super simple experiment! <https://www.icanteachmychild.com/fireworks-in-a-jar>

What's different? Activity:

If you have a printer, print a picture out of your child at the beginning of 2020 as well as the end. Allow your child to cut out the pictures and glue them on a sheet of paper side by side. Ask the child to look for differences between the two pictures; for example, the length of their hair, their height, their clothing, their surroundings, their facial expressions and more. They could circle these differences or color and decorate on their paper. Make sure to save this so that you guys can look back on it at this time next year! If you do not have a printer, you could also use your phone, I-pad, or computer and compare two photos while you sit with your child and reflect on the past year.
