## Pains & Issues:

### Please Read First:

The issues and pain points identified during the As Is Process Mapping workshop and the Analysis workshop are noted below. The Issue is numbered and its Root Cause Analysis is in red text, preceded by **RCA** prefix.

1. Incomplete/Inaccurate information provided from Traveler to Dept. Admin/Requester, missing information, wrong information, wrong index number

**RCA: Traveler does not provide all or the correct information when requesting a travel Purchase Order**

2. Budget Revisions have to be processed to transfer money if funds are not available, slows down the process

**RCA: Funds have not been allocated for the travel prior to request**

3. Group Purchase Orders to cover several people traveling

**RCA: Departments want to simplify the process by not creating individual POs**

4. Travel Purchase Order training materials on BF training materials site is outdated and does not reflect current process

**RCA: Documentation has not been updated since 2006, who would be the owners?**

5. Travel Advances have to be copied, filed and maintain for processing travel claim at later dates

**RCA: Have to maintain copies of travel advance request in order to document when completing travel claim in the future**

6. Last minute request to travel

**RCA: Poor planning by the traveler or departments**

7. Copy of registration forms are not submitted with the pre-payment request (Form 10)

**RCA: Lack of training and documented procedures**

8. No Purchase Order requested prior to travel

**RCA: This is not a mandated procedure by the University, a suggested procedure. Only have to have a PO created and approved by time a travel claim is submitted**

9. Travel claims omit any pre-payments made prior to travel (registration, advances, Travelennium)

**RCA: Lack of training documentation available on how to complete the form**

10. Travel claims missing required receipts

**RCA: Traveler does not provide them, requester and approvers don't verify for receipts**

## Pains & Issues: con't

11. Forms are paper and have to be handed off for signatures

RCA: There isn't an electronic forms in place

12. Travel claim has three format options, excel, web base and pdf. When printed, layout is not standardized

RCA: In the past forms were created to accommodate user preferences

13. Out dated claim forms are used

RCA: Claim forms are saved to desktops and then re-used

14. Lack of training materials on how to create a travel claim and how to interpret travel policy

RCA: There isn't a guideline or FAQ page how to complete a travel claim

15. Common errors on travel claims pertain to understanding on to use the CONUS site and determine per diem

RCA: There isn't a guideline or FAQ page how to complete a travel claim

16. University has not considered mandating Direct deposit as the preferred payment method for employees travel reimbursements

RCA: University has recommended this as the preferred method, but employees are not encouraged to participate in direct deposit for travel
