The SMART Center

THE UNIVERSITY OF MEMPHIS NEWSLETTER

THE SMART CENTER

BY TIERANY PETERSON

The University of Memphis School of Social Work SMART Research, Training, and Treatment Center aims to provide evidence-based interventions for school based mental health programming, increase access for school-based behavioral health programming in underserved areas, provide training on best practices in tele-behavioral health, develop opportunities to research the use of technology in practiirect services to the states most vulnerable populations.

HOURS OF OPERATION

We are a 100% tele-behavioral health clinic. We provide remote services to children, youth, and their families/ caregivers, as well as adults in the Mid-South area and across Tennessee. Our current operation hours are Monday-Friday 9:00am-7:00pm and some Saturday's 10:00am-3:00pm.

THE WARM LINE

CONTACT: 901.678.1636

The SMART Center also hosts a "warm line" for the community that provides support, psychoeducation, and linkage to community services FREE of charge. The "warm line" is not intended for crisis support, but to assist families with identifying resources in the community. The "warm line" is in service Monday-Friday 9:00am-4:00pm CST.

PODCASTS AND MEDIA

SMART CONNECTIONS

The SMART Center SMART Connections Podcast has partnered with the University of Tennessee-Knoxville and the Tennessee Department of Mental Health and Substance Abuse Services to present the Pathways to Behavioral Health Careers Project. This project will include different videos and podcasts interviewing different people in behavioral health careers across the state of Tennessee. These interviews are designed to show middle and high school students different career paths in behavioral and mental health, and give them an idea about how they might also go into that career or start on that educational journey.

You can check out any of these podcast episodes on our website at www.memphis.edu/smartcenter or at our podcast website on Anchor.com.

For any other media and podcasts that the SMART Center has done with the Talk the Path Podcast, please visit our website.

SMART CENTER SPOTLIGHTS

KEEPING YOU UPDATED

The University of Memphis SMART Center, in conjunction with the University of Tennessee-Knoxville and the Tennessee Department of Mental Health and Substance Abuse Services, is presenting the Pathways to Behavioral Health Careers Project. The goals of the Pathways Project are to provide education and information on the various career opportunities in the field of behavioral health through presentations, increase interest in students in the field of behavioral health, provide opportunities for guidance with information regarding college/university programming that result in degrees for professions in the field of behavioral health, and connect students with students in behavioral health programs and professionals in the field for further research. This podcast will feature students and professionals in the field to give a clear picture of the daily duties of these roles and how they help support their communities.

WHAT'S HAPPENING AT THE SMART CENTER?

Tele-Suite Locations

The SMART Center employees have been working diligently in the community to create spaces for secure, confidential therapy sessions. These sessions are taking place in several spaces within the community. These telesuites are already making a difference in the outreach that the organization can do, but it is also providing one-on-one therapy session with trained clinicians from the SMART Center.

So, what are the benefits of a tele-suite?

- The tele-suites will allow members of the community greater access to mental health services that they might otherwise be separated or withdrawn from.
- These tele-suites allow clients to feel secure in knowing their confidentiality is safe, and they will also be secure in the knowledge that they are able to receive the services they want without any social repercussions.
- By using tele-suites, the SMART Center will also be able to impact more people. Due to the limitations that surround typical service delivery, this tele-behavioral model of service delivery allows for greater reach and wider spread outreach.
- Clients are able to receive the mental health services they need and deserve to have access to without many of the traditional struggles that befall people trying to receive these services.

The SMART Center has recently installed all 10 telesuite locations throughout the city of Memphis, and they are ready to help the SMART Center reach more people and allow for a greater service delivery than before. These Telesuites are located at the South Memphis Alliance, the Youth and Family Resource Center, the Refugee Empowerment Program, Bridges, Choices, Boys and Girls Club, Frayser Community Schools, Booker T. Washington High School, Manassas High School, and Cordova Middle School.

Stress Awareness Month – All
of April

"Providing Quality Care, Everywhere You Are."

April is Stress Awareness Month

Stress is something we all experience, but when it goes unmanaged it can affect our physical health, mental well-being, and relationships. April is Stress Awareness Month, a time to slow down, reflect, and explore healthy ways to cope. Whether it is through mindfulness, movement, or reaching out for support, this month reminds us that managing stress is not just important it's essential.

Take a moment for yourself today.

April is also Sexual Assault Awareness Month

Each April, we honor Sexual Assault Awareness Month its a time to support survivors, raise awareness, and work toward a culture of consent and respect. Sexual violence affects millions, but healing is possible and no one has to go through it alone. This month encourages open conversations, education, and action to create safer communities for all. Together, we can stand with survivors and advocate for change.
