UMdegree Worksheet

The UMdegree Worksheet gives the most recent information regarding the your academic affairs.

The worksheet is divided into **blocks**. Each block has a title and a check box in the header and when all requirements in that block are met, the box is checked with a green check mark. The block headers have different information based on the block type. All the worksheets begin with a student information section followed by *Degree Progress* circles.

Student Information Section
Contains basic student information such as UID, the assigned advisor, major, minor, and concentration.

Progress Circles
Displays the percentage of the your requirement progress

Degree Block
Contains all the requirements for the your program. Individual requirements are hyperlinked to the section for that requirement/block until the requirement is complete.

Major Block
Contains all the requirements for the student's declared major(s) and will read undecided if a major has not been declared

General Education Block
Contains all the general education courses that have or have not been completed for graduation

College Requirements Block
Requirements specifically for the student's BA, BS, or other requirements

Other Blocks will display in certain degree program depending on the requirements for that program

Unapplied Electives Block
Contains courses completed but not currently being used to fulfill requirements. This is the place where you will find electives or courses that may need to be used as substitutions, but are not yet documented.

In-progress
This section contains courses that are being currently taken or registered for in a future term. See the term to differentiate.

Exceptions
Courses that have been used to substitute for a required course can be viewed in this area

Legend
Contains the symbols and definitions used for the UMdegree worksheet

What if

The What if Tab allows you to create scenarios based upon what if you changed your major or degree path.

Step 1) Select an Academic Year (catalog)
Step 2) Select a Degree

Step 3) Select a Major (major choice is narrowed depending on choice of degree above)

Step 4) Select the College of your major. Accurate Gen Ed requirements may not be

displayed if you fail to select the appropriate College

Step 5)Other criteria such as Minor, and Concentration can also be added

Step 6) Future courses related to this new major that are planned on being taken may also be added to the scenario under *Future Classes*

Step 7) Click *Process button (at bottom)*

What you will see next is the *What If* scenario. It will look just like the real worksheet except this worksheet is directed towards the new major requirements

GPA Calculators

To access the GPA calculators, click the three dots in the upper right hand corner of the audit. Choose **GPA Calculator** from the drop down menu.

Graduation Calculator: The current GPA defaults. Enter the credits required and credits remaining. Click the Calculate button. The purpose of the Graduation Calculator is to give the student a general view of what average GPA they will need to achieve over their final "X" credits in order to achieve their desired GPA.

GPA Calculator   ✕

| Graduation Calculator | Term Calculator | Advice Calculator |

Enter your desired GPA at graduation to calculate the average GPA you need to maintain in your remaining terms to achieve that goal.

CALCULATE

In some cases, this calculator will be useful to inform the student that the desired GPA is not possible to achieve (considering the number of credits remaining).

GPA Calculator

| Graduation Calculator | Term Calculator | Advice Calculator |

To achieve your desired GPA, you would need to average higher than a 4.0. You would need to average a 4.136

Current GPA	3.51
Credits remaining	94
Credits required	120
Desired GPA	4.00

In short, this calculator helps students to set long-term general goals.

You need to average a 3.880 over your final 94 credits to graduate with your desired GPA.

Current GPA	3.51
Credits remaining	94
Credits required	120
Desired GPA	3.80

Term Calculator:

Current GPA and credits completed to date default. The current classes will default. Enter the credits if necessary and enter the projected grades. (You can also add a course the student might be considering but for which they haven't yet registered.) Click the **Calculate** button. You can change the classes and the grades at any time and recalculate. The term calculator can be used for goal-setting as well as mapping paths to avoid probation, achieve honors, etc.

psyc 1300	1	A
art 1030	3	A

Advice Calculator

A simpler version than the Graduation Calculator, the current GPA and the credits earned show up as default and the desired GPA can be calculated using the default information. Students should enter their desired GPA and click **Calculate**. Advice will be displayed depending on the desired GPA and the chances—or unrealistic chances—of meeting that goal. Note: Although the GPA and hours are already plugged in, these fields can be revised.
